ATLANTIC OCEAN SERVICES

CANADIAN ATLANTIC PORTS AND AUSTRALIA AND NEW ZEALAND.

NEW ZEALAND SHIPPING CO., LTD.

Contract No. 46.

T. & C. File No. 23488.

Vote 158.—Canadian Atlantic ports and Australia and New Zealand, steam service between—

1919-20..	\$140,000
1920-21..	140,000

Contractors.—New Zealand Shipping Co., Ltd., of London, England. (Canadian address: 213 Board of Trade building, Montreal, Que.)

Contract Dated.—May 5, 1919.

Duration of Contract.—Opening of navigation, 1919, until March 31, 1920.

Service.—Monthly. This is an outward service only, and these steamers do not return to Canada directly.

Ports of Call.—(a) During the season of open navigation on the St. Lawrence, from Montreal to the ports, or any two of the ports, of Auckland, Wellington, Lyttleton and Dunedin, N.Z., and the ports of Melbourne and Sydney, Aus., calling at such other ports in New Zealand or Australia as the contractors may desire.

(b) During the season of closed navigation on the St. Lawrence, from St. John, N.B., calling at Halifax, and thence proceeding to the ports in New Zealand and Australia mentioned in paragraph (a).

Speed and Capacity Required.—10 knots, each ship to be capable of carrying 7,500 tons at 40 cubic feet to the ton.

Subsidy.—\$140,000 per annum, payable at the rate of \$11,666.66 for each trip.

Cold storage.—Steamers to be fitted with reasonable cold storage accommodation should occasion warrant.

Deduction for Short Cargo.—An average cargo of 5,000 tons on each monthly trip is to be carried throughout the year; and \$2 is to be deducted from the subsidy at the end of each year for every ton short of the total measurement or weight which should have been carried upon such number of sailings as may have been performed, based upon the said 5,000 tons per voyage.

Mails.—To be carried free.

Trade Commissioners.—To be carried free.

Government Railway Clause.—Included.

Vote.—Canada and Great Britain, ocean and mail service between—

1919-20..	1,000,000
1920-21..	No subsidy voted.

Contractors.—The Canadian Pacific Ocean Services, Limited, Montreal, Que.

Contract dated.—December 13, 1916.

Duration of contract.—From the close of navigation on the St. Lawrence, 1916, until the opening of navigation in 1917.

Owing to the uncertain shipping conditions occasioned by the war, this contract was not renewed, but the service was continued under authority of Orders in Council until March 31, 1920, when it was taken over by the Post Office Department. During the 1919 season of St. Lawrence navigation, and the winter of 1919-20, payment for the carriage of mails, eastbound only, was made at the rate of 50 cents for each cubic foot of mails carried, for such sailings from Canada as were utilized by the Post Office Department.

Ports of call.—

1. In Canada—Quebec or Montreal in summer, and St. John or Halifax in winter, at the option of the contractors.
2. In Great Britain—Liverpool; though the ports of Glasgow or London may be substituted.

Subsidy.—50 cents per cubic foot for the actual quantity of mails carried east-bound only.

10 GEORGE V, A. 1920

CANADA, THE WEST INDIES AND SOUTH AMERICA.

THE ROYAL MAIL STEAM PACKET COMPANY.

Contract No. 9.

T. & C. File No. 24215.

Vote 160.—Canada and the West Indies or South America, or both, steam service between—

1919-20.....	\$340,666 66
1920-21.....	340,666 66

Contractors.—The Royal Mail Steam Packet Company, of London, England.

(Canadian representative: John Allsop, 59 Granville St., Halifax, N.S.)

(Freight and passenger agents: Pickford and Black, Halifax, N.S.)

Contract Dated.—September 11, 1919.

Duration of Contract.—November 1, 1919, to October 31, 1920.

Service and Ports of Call.—Commencing from St. John, N.B., sailing thence to Halifax, N.S., and sailing thence to Georgetown, British Guiana, every fourteen days:—

Calling at the following islands: Bermuda, St. Kitts, Antigua, Montserrat, Dominica, St. Lucia, St. Vincent, Grenada, Barbados, and Trinidad, and returning from Georgetown to St. John, calling at all the aforesaid islands, in reversed order.

This itinerary may be subject to any change which may be mutually agreed upon between the minister and the contractors.

Speed required.—11 knots.

Subsidy.—£70,000 (\$340,666.66) per annum, based on payments of £2,692 6s. 2d. (\$13,102.56) for each complete round voyage, payable on the last day of each month.

Canadian Trade Commissioners.—To be carried free.

Mails.—To be carried free.

Government Railway Clause.—Included.

Freight charges from St. John to Halifax.—The contractors are required, at their own expense, when so required by consignors, to pay the freight charges by rail from St. John to Halifax on butter, cheese, and fruit intended for shipment by the contractors' steamships.

Delay at Ports.—The contractors must make every reasonable effort to avoid undue delay at Canadian or West Indian ports.

Development of Trade.—The contractors must use their utmost endeavour to develop the cargo and passenger trade between Canada and the British West Indies by means of reasonable advertising and regular solicitation through agents.

Through rates of Freight.—The contractors must use their best endeavours to arrange through rates of freight between inland points in Canada and the various ports of call referred to in this contract in the British West Indies and Central and South America.

Transfer by connecting lines.—As the design of this agreement is to give regular fortnightly communication both ways to all the ports previously mentioned, arrangements must be made for the transport of freight and passengers on all voyages south bound and north bound by transfer to the lines of the contractors' steamers conducting the insular service from and to Trinidad, and at the rates obtaining for the direct service.

SESSIONAL PAPER No. 10a

No discrimination.—No discrimination of any kind as regards freight and passenger rates may be made in favour of any merchant, shipper or importer in any one of the British colonies referred to herein, as against any other merchant, shipper or importer in the same colony.

Through Bills of Lading.—Through bills of lading must be issued from any Canadian point of shipment to any port in Central or South America, which is a regular port of call for any of the steamships employed or controlled by the contractors on other services, and which make regular connections with the service herein contracted for.

PACIFIC OCEAN SERVICES.

CANADA AND AUSTRALIA OR NEW ZEALAND.

UNION STEAMSHIP COMPANY OF NEW ZEALAND, LTD.

Contract No. 27.

T. & C. File No. 24214.

Vote 162.—Canada and Australia or New Zealand, or both, on the Pacific Ocean, steam service between—

1919-20..	\$180,509
1920-21..	130,509

Contractors.—The Union Steamship Co., of New Zealand, Ltd. (Canadian address: Canadian Australasian Royal Mail Line, 440 Seymour street, Vancouver, B.C.)

Contract Dated.—August 12, 1919.

Duration of Contract.—August 1, 1919, to July 31, 1920.

Service.—Sailing every four weeks. Owing to war conditions, and the fact that only two mail vessels have been permitted by the shipping controller to remain on the service, it has been found impossible to keep up a regular sailing every four weeks during 1918 or 1919; but sailings were made as frequently as was practicable. Each voyage, with one or two exceptions, was extended to Australia, although this was not required by the contract.

Ports of Call.—Vancouver, B.C.; Victoria, B.C.; Honolulu, in the Sandwich islands; Suva, in the Fiji islands; and Auckland, N.Z.

At the contractor's option, each voyage from Canada to New Zealand may be extended to a port or ports in Australia.

The call at Suva is conditional upon the Government of Fiji also continuing their contract for a like period and on the same terms as heretofore, and also upon their maintaining the same charges for light and other dues levied on ships employed in the service.

Speed required.—Duration of voyage is not to exceed 20 days, including one day's detention at Honolulu.

Subsidy.—£37,090 18s. 2d. per annum.

Provided that the contractors shall be entitled to receive such subsidy as the Governments of New Zealand and Fiji may pay towards the service; and also the Government of Australia, should the service be extended to that Commonwealth.

Deductions from Subsidy.—£30 are to be deducted from the amount of subsidy payable on each claim for every complete period of twenty-four hours by which the time occupied in conveyance of the mails between Auckland and Vancouver has exceeded twenty days.

Preference to Canadian Shippers.—No discrimination as regards freight or passenger rates is to be made against Canadian ports, railways, merchants or shippers. Canadian merchants and shippers are to have preference at all times for the carriage of their goods over other merchants and shippers, as far as regards the Canadian connection.

10 GEORGE V, A. 1920

Freight and Passenger Rates.—Freight rates from Vancouver or Victoria to New Zealand shall not exceed the rates charged on similar cargo to New Zealand ports from any United States Pacific coast ports.

Passenger rates from Vancouver or Victoria to Auckland shall not exceed passenger rates during the same period from Auckland to Victoria or Vancouver, and return fares from Canadian ports to New Zealand ports shall not exceed return fares in the opposite direction during the same period.

Mails.—To be carried free.

Canadian Trade Commissioners.—To be carried free.

Contractors.—The Canadian Pacific Ocean Services, Ltd. of Montreal, Que.

Date of Contract.—June 7, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—Subsidy is paid for a mail service twice a month in each direction all the year round, between Vancouver, Canada, and Hong Kong, China.

On the voyages in each direction between Vancouver and Hong Kong the steamers must call at Yokohama on every trip, and at Woosung (for Shanghai) on every east-bound trip, and at least once on each alternate westbound trip. They may also call, at the option of the company, at Victoria, Nagasaki, Kobe, Shimidzu and Manila; and at Amoy or other ports in China.

Annual overhaul.—Any of the steamships engaged in this service may be laid off for annual overhaul, provided that substitute steamers are approved of by the Postmaster General of Canada, at or before the time of such withdrawal.

Landing and embarking mails at Shanghai.—The contractors shall supply a small steam vessel at Shanghai for the purpose of landing and embarking mail to and from steamers lying at the anchorage at the mouth of the Woosung River.

Mails.—To be carried free.

Periods of Transit.—All mails conveyed under this contract shall be carried between Canada and Hong Kong, in either direction, as expeditiously as possible under existing circumstances.

Canadian Trade Commissioners.—To be carried free.

Passengers and Freight Rates.—No toll or rate for either passengers or freight shall be charged which discriminates against Canadian passengers, merchants or shippers or against one or more of the Canadian ports on the Pacific Ocean, nor shall such rates for either passengers or freight be in excess of the rates charged on steamships of a similar class from United States ports on the Pacific Coast.

Subsidy.—\$375,000 per annum, payable in quarterly instalments.

VANCOUVER AND NORTHERN BRITISH COLUMBIA PORTS.

THE UNION STEAMSHIP CO. OF BRITISH COLUMBIA, LTD.

Contract No. 18.

T. & C. File No. 23562.

Vote 168.—Vancouver and Northern ports of British Columbia, steam service between—

1919-20..	\$16,800
1920-21..	16,800

Contractors.—The Union Steamship Company of British Columbia, Ltd., Vancouver, B.C.

Date of Contract.—May 14, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—Regular sailings throughout the year from Vancouver to Anyox (Granby Bay), on Observatory Inlet, making—

(a) Two calls each way each week at Campbell River, Port Hardy and Quathiasca Cove.

10 GEORGE V, A. 1920

(b) One call each way each week at Alert Bay, Sointula, Beaver Cove, Shushartie Bay, Namu, Bella Bella, Bella Coola, Swanson Bay, Butedale, Prince Rupert, Port Simpson and Ocean Falls.

(c) One call each week at Wadhams, Hartley Bay, Port Essington, Arrandale, Kincolith, Mill Bay, Anyox, Claxton, and, weather permitting, at Suquash.

(d) One call one way every two weeks during summer and every four weeks during winter at Smith's Inlet.

(e) One call one way every four weeks at Kitimat.

(f) During the summer season one call one way each week at Oceanic, China Hat, Lowe Inlet, Rivers Inlet, Schooner Passage, Kumeon and Alice Arm, and every two weeks in winter.

(g) During the summer season only one call one way every two weeks at Kimsquit.

Under the present service to Bella Coola by the steamer making that place the terminal, one call per week suffices. If calls are made by the steamer operating through to Prince Rupert calls must be made each way each week. It is understood and agreed that the two calls each way each week at Port Hardy are conditional upon the Government float being installed at that port; otherwise one call each way each week will be sufficient.

Speed required.—Not stated.

Subsidy.—\$16,800 per annum, payable quarterly in July, October, January and April.

Mails.—To be carried free. The contractors further agree to carry the mails to and from all ports at which they call, whether such call be stipulated in the agreement or not.

Government Wharves.—Steamers must call whenever possible.

HALIFAX, CANSO AND GUYSBOROUGH.

HALIFAX AND CANSO STEAMSHIP CO., LTD.

Contract No. 30.

T. & C. File No. 23421.

Vote 173.—Halifax, Canso and Guysborough, steam service between—

1919-20..	\$5,000
1920-21..	5,000

Contractors.—The Halifax and Canso Steamship Co., Ltd., of Halifax, N.S.*Date of Contract.*—April 26, 1919.*Duration of Contract.*—April 1, 1919, to March 31, 1920.*Service.*—Weekly, all the year round, between Halifax and Guysborough.

Ports of Call.—Calling on all voyages each way at Canso, Whitehead, Drumhead, Isaac's Harbour, Goldboro, Port Beckerton and Port Hilford; and calling on all outward voyages at Half Island Cove and Queensport; calling fortnightly during open navigation on outward voyages at Country Harbour and Boylston; and during the months of January and February at Port Dufferin and Moser's River.

From January 15 to March 31 a fortnightly call only need be made at Guysborough, Queensport and Half Island Cove.

Capacity of Steamer.—The steamer employed is guaranteed to have a cargo capacity equal to 2,500 barrels, with passenger accommodation for 40 passengers, electric lighted throughout and fitted with adequate refrigeration for the carriage of fresh fish.

Laying off Steamer.—The steamer may lay off for refitting two trips in each year, at such time or times as will least interfere with the requirements of the service.

SESSIONAL PAPER No. 10a

Government wharves.—The steamer must call whenever possible.

Subsidy.—\$5,000 per annum, payable quarterly in July, October, January and on the completion of the service.

Mails.—To be carried free.

T. & C. File No. 23914.

Vote 175.—Halifax and LaHave River Ports, steam service between—

1919-20..	\$4,000
1920-21..	4,000

Contractors.—The Western Steamship Co., Ltd., Halifax, N.S.

10 GEORGE V, A. 1920

Date of Contract.—July 24, 1919.

Duration of Contract.—Opening of navigation, 1919, to March 31, 1920.

Service and Ports of Call.—Leaving Halifax once each week, calling at La-Have, Riverport, East LaHave, Pleasantville, Conquerall Bank and Dayspring, and returning to Halifax, calling at the aforesaid ports.

During the winter months, when the LaHave river is frozen over, calls at Pleasantville, East LaHave, Conquerall Bank and Dayspring may be omitted.

During the months of January and February calls at any of the said ports may be omitted if ice conditions prevent their being made. The Minister, however, reserves the right to call upon the contractor to restore the service, as performed in former years, to Tancook Island and way ports, if there should be sufficient demand for it.

Government Wharves.—Steamers must call whenever possible.

Subsidy.—\$3,000 per annum, payable in quarterly instalments on the last days of June, September, December and March. If the service to Tancook Island and way ports should be restored, an additional subsidy shall be payable at the rate of \$20 for each round trip, or not more than \$1,000 for a maximum of fifty round trips during the period covered by this contract.

Mails.—To be carried free.

Withdrawal of steamer for repairs.—The steamer may be withdrawn from the service for a total period of fourteen days, if required, for necessary repairs.

Contractors.—Messrs. Hendry, Ltd., Halifax, N.S.

Date of Contract.—July 7, 1919.

Duration of Contract.—From the opening to the close of navigation in 1919.

Service and Ports of Call.—Passengers and freight shall be conveyed between Halifax and St. Peter's by the steamers *Margaret* and *Strathlorne*, and shall be transhipped at St. Peter's to and from the *Arcadia*, for the purpose of proceeding to or from the under-mentioned points in the Bras d'Or lakes, and on the east coast of Cape Breton. The *Arcadia's* service shall be as follows: (a) Two round trips each month from St. Peter's, N.S., to Sydney, through the Bras d'Or Lakes, calling at all ports on

SESSIONAL PAPER No. 10a

the west side of the lakes at which freight is offered, or is to be delivered, including Grand Narrows, Iona, Baddeck, Whycocomagh, Little Narrows, Nyanza, Boularderie Centre, Boularderie, Marble Mountain, West Bay and Washabuck Centre.

(b) One round trip each month from St. Peter's to Sydney, calling at all ports at which freight is offered, or is to be delivered, on the east side of the lakes, including Johnston's Harbour, Irish Cove, Big Pond, East Bay, Castle Bay and Grand Narrows.

(c) One round trip shall be made each month from St. Peter's to Sydney, calling at North Sydney, Glace Bay, Port Morien, Mainadieu, Louisburg and Gabarous.

(d) The last two trips of the season are to be made from St. Peter's to Gabarous, Louisburg, Mainadieu, Port Morien, Glace Bay, North Sydney, Sydney, Baddeck, Grand Narrows and Iona.

(e) Through tickets for passengers and through bills of lading for freight shall be issued between Halifax *via* the *Margaret* and *Strathlorne*, and the above mentioned ports in the Bras d'Or Lakes and on the East Coast of Cape Breton.

(f) If, during the early spring and late fall, the steamers *Strathlorne* and *Margaret* have their full complement of freight, and are unable to carry the additional freight required to and from the *Arcadia*, the contractors agree to supply an additional steamer between Halifax and St. Peter's, for the purpose of carrying the surplus of the *Arcadia's* freight.

The calls at Mainadieu are to be conditional upon the weather permitting. Calls at Glace Bay shall not be made unless, in the opinion of the Minister, it is safe for the steamer *Arcadia* to call at this port.

Government Wharves.—Steamer must call whenever possible.

Subsidy.—\$6,000 per annum, payable in four instalments of \$1,500 each.

Mails.—To be carried free.

QUEBEC, MONTREAL AND THE NORTH AND SOUTH SHORES OF THE
GULF OF ST. LAWRENCE AND PRINCE EDWARD ISLAND, NOVA
SCOTIA AND THE MAGDALEN ISLANDS.

THE GULF OF ST. LAWRENCE SHIPPING AND TRADING CO.

Contract No. 76.

T. & C. File No. 22074.

Vote 187.—Quebec, Montreal and ports on the North and South Shores of the Gulf of St. Lawrence, steam service between; including steam service between Quebec, Natashquan and Harrington, steam service between Montreal and Paspébiac, and steam service between Pictou, Souris and the Magdalen Islands—

1919-20..	\$70,000
1920-21..	70,000

Contractors.—The Gulf of St. Lawrence Shipping and Trading Company, Ltd., of Quebec, Que.

Date of Contract.—November 20, 1918. (Authorized by Order in Council of October 2, 1918.) Amended by Supplementary Contract dated June 25, 1919.

Duration of Contract.—From the opening of navigation, 1919, to the close of navigation, 1923.

Service and Ports of Call.—(1) Montreal and Paspébiac service.

Two round trips each month from Montreal to Paspébiac, calling both ways at Cap Chat, Ste. Anne des Monts, Mont Louis, Grande Vallée Chlorydomes, Fox River, Griffin Cove, Anse à Louise, Grande Greve, Douglastown, Gaspé Basin, Mal Bay, Perce, Cape Cove, Grande Rivière, Chandler, Newport and Port Daniel; and calling once each round voyage, either on the up or down trip, at Meehins, Marsouins, Martin River, Claude River, St. Antoine, Magdalen, Petite Vallée, Pointe Fregate, St. Yvon (Point Seche), Grand Etang, Anse à Valeau and Pointe Jaune.

(2) Quebec and North Shore service.

(a) Two round trips each month from Quebec to Harrington, calling each way at Godbout, Trinity Bay, Egg Island, Pentecost, Seven Islands, Clarke City, Rivière aux Graines, Sheldrake, Thunder River, Magpie, St. John River, Long Point, Mingan, Esquimaux Point and Natashquan, and also calling at Piastre Bay, provided that suitable range lights be placed by the Government at this place.

(b) Two round trips each month from Quebec to Natashquan, calling each way at Bersimis, Godbout, Trinity Bay, Egg Island, Pentecost, Seven Islands, Clarke City, Rivière aux Graines, Sheldrake, Thunder River, Magpie, St. John's River, Longue Pointe, Mingan, Esquimaux Point and Piastre Bay, provided that suitable range lights be placed by the Government at the last-named place.

The above-mentioned services are to be run during the season of navigation on the St. Lawrence, in each of the years 1919 to 1923, both included.

(3) Two round trips each week between Pictou, Souris, and Amherst, Grindstone and Pointe Basse in the Magdalen Islands, calling at Grand Entry once each week, and at Etang du Nord once every two weeks, and calling at Bryan Island once each month in June, July, August and September. All the aforesaid service is to be maintained from the opening until the closing of navigation at the Magdalen Islands in each year from 1919 to 1923, both included. In case navigation closes at Pictou before it closes at the Islands, some port in Cape Breton, to be approved by the Minister, shall be substituted for Pictou. Calls at Grand Entry will not be required after the end of September in each year.

10 GEORGE V, A. 1920

Subsidy.—\$70,000 per annum, divided as follows:—

(1) Quebec and South Shore service: \$1,428.57 per round trip for 14 round trips, the total amount to be not more than \$20,000 per annum; provided that during the 1919 season, while the steamer *A. Tremblay* is being employed, the subsidy shall be \$1,000 per round trip.

(2) Quebec and North Shore service: (a) \$1,428.57 per round trip for 14 round trips between Quebec and Harrington, the total amount to be not more than \$20,000 per annum.

(b) \$714.28 per round trip for 14 round trips by the steamer *Guide* between Quebec and Natashquan, the total amount to be not more than \$10,000 per annum.

(3) Magdalen Islands and the mainland service: \$20,000 per annum, payable in equal instalments.

Mails.—To be carried free.

Delays at Wayports.—If, at any port where boats are used for loading and discharging freight, such boats do not come out to the steamer within 30 minutes after the said steamer has anchored, the steamer shall be at liberty, at the captain's discretion, to proceed on her voyage. Notice of arrival must be given by steam whistle or otherwise at the time of anchoring.

From 1907 to 1913 the service was performed by Bouchard Bros., Quebec over part of the route covered by the present contract, between the ports of Quebec and Gaspé Basin.

The *Lady of Gaspé* was wrecked on October 13, 1915, after performing twelve trips. The remaining three trips were run by the *Percesien*, of the Gaspé and Baie des Chaleurs Steamship Company, who received \$1,700 for the service.

The steamers *Percesien* and *Gaspesien* were sold by the contractors towards the end of October, 1917.

During 1918 the service was performed by Ulric Tremblay, of Quebec, Que.

Previous to 1919 the service contracted for was from Quebec to Gaspé Basin; in 1919 it was from Montreal to Paspebiac.

1919-20..	\$2,000
1920-21..	2,000

Contractors.—The Valley Steamship Co., Ltd., of Granville Ferry, N.S.

Date of Contract.—June 14, 1919.

Duration of Contract.—April 1, 1919, to March 31, 1920.

Service and Ports of Call.—A weekly service between St. John, N.B., Annapolis Royal and Granville Ferry, N.S., calling on all trips both ways at Victoria Beach and Littlewoods Wharf (opposite Goat Island), and when tide and weather will permit continuing such trips to Granville Centre, with the privilege on the part of the contractors of further extending the route to Bridgetown, N.S.

During the winter months, in case the ice will not permit the running of the vessel up the Annapolis basin and river, the trip from St. John shall be allowed to terminate at Digby.

Repairs.—The contractors have the right at any time to withdraw the steamer for a period of two weeks, and also in addition thereto for a period not exceeding 14 days, for the purpose of inspection or repairs, and may also replace it with another steamer subject to the approval of the Minister.

Government Wharves.—Steamer must call whenever possible.

Mails.—To be carried free.

Contractors.—Hugh Cann & Son, Ltd., of Yarmouth, N.S.

Date of Contract.—March 12, 1917.

Duration of Contract.—April 1, 1917, to March 31, 1920. If the new steamer mentioned in the subsidy clause is not placed on the route prior to March 31, 1918, the contract will terminate on that date.

Service and Ports of Call.—Seventy round trips are to be made during the period covered by the contract, between St. John, Westport and Yarmouth, calling on each trip both ways at Freeport and Tiverton, unless ice prevents.

Four round trips are to be made in each of the months of April, November, December, January, February and March; 6 round trips in the month of May; and 8 round trips in each of the months of June, July, August, September and October.

Government Wharves.—Steamer must call whenever possible.

Subsidy.—\$6,000, payable as follows: \$85.71 for each round trip performed, to be paid at the close of June, September, December and March.

10 GEORGE V, A. 1920

If the contractors place a new steamer on the service in place of the *John L. Cann*, as agreed upon, the subsidy it to be \$142.86 per trip, or a total of \$10,000 per annum. (The new steamer, the *Keith Cann*, was placed on the route early in 1918.)

SUPERVISION OF SUBSIDIZED STEAMSHIP SERVICES.

Vote 197.—Expenses in connection with the supervision of Subsidized Steamship Services—

1919-20..	\$3,500
1920-21..	4,000

By Order in Council of April 10, 1912, Mr. W. E. Tupper, of Digby, N.S., was appointed Supervising Officer of Subsidized Steamship Services. His salary is \$2,000 per annum, and he is allowed the usual travelling and other contingent expenses.

In December, 1916, Mr. Tupper enlisted for active service overseas. He returned to Canada in 1918, and resumed his position as supervising officer on January 1, 1919.

The Supervising Officer's Annual Report is as follows:—

DIGBY, N.S., March 12, 1920.

F. C. T. O'HARA, Esq.,
Deputy Minister, Trade and Commerce,
Ottawa.

DEAR SIR,—I beg to submit my report on Subsidized Steamship Services for the year ending December 31, 1919. During the year I travelled over 5,000 miles by water and inspected 31 services. Two of this number were twice inspected and six were the subject of special investigation.

Taking into consideration the conditions produced by the war, the services, with few exceptions, were satisfactorily performed and well maintained. Masters of steamers (in whose hands the satisfactory performance of a service so largely rests) appeared to have due appreciation of their responsibilities to the travelling public and the inhabitants of the ports served; accommodations were found to be clean and adequate, and the food of good quality, well cooked and served.

Your supervisor desires to draw attention to the fact that in many of the districts served by coastal steamers the impression prevails that should a more suitable steamer be required to perform a service, and in the event of none being available, it is the duty of this Department to either build or commandeer one. This is, of course, an erroneous impression. While this Department endeavours to increase the efficiency of the local services and, to that end, is constantly on the lookout for more suitable steamers, it does not appear to be generally understood that this Department cannot proceed further than to call for tenders from steamship owners.

During the war this Department was seriously handicapped in its attempts to procure more suitable steamers, in cases where such were required. The chief difficulties were, first, scarcity of suitable boats, and second, the disinclination of coastal steamboat owners to contract for services, owing to the greatly increased cost of steamship operation. The first difficulty was the more serious. The supply of boats available for the performance of subsidized steamship services may be said to depend upon the output from local shipyards. About 90 per cent of the steamers of a class suitable for employment on subsidized lines are recruited from local shipyards; that is to say, these boats are built by companies which propose to employ them under contract with this Department, or fall into the hands of prospective contractors shortly following their completion. To illustrate one of the difficulties with which this Department has been forced to contend during the last five years, the following figures are significant.

At the close of 1918 there were 26 steamers performing subsidized services on the Nova Scotia coast. Of this number, 18 were built in Nova Scotia between the years 1905 and 1914, inclusive, while between 1914 and the signing of the armistice only one vessel was launched. I am referring, of course, to the type of steamer suitable for employment on local services.

10 GEORGE V, A. 1920

For the year 1919 there were 33 steamers subsidized by this Department for the performance of freight and passenger services in the coastal waters of the provinces of Quebec, New Brunswick, Nova Scotia, and Prince Edward Island (this number includes two services performed between Nova Scotia and Newfoundland). These services may be summarized as follows—

Services between way ports in Nova Scotia	17
“ “ “ “ “ New Brunswick	3
“ “ “ “ “ Quebec	1
“ “ “ “ “ Prince Edward Island	1
“ “ “ “ “ Nova Scotia and New Brunswick .	6
“ “ “ “ “ Quebec and New Brunswick . . .	1
“ “ “ “ “ *Quebec and Nova Scotia	1
“ “ “ “ “ Nova Scotia and Prince Edward Island	1
“ “ “ “ “ Nova Scotia and Newfoundland .	2

*Magdalen Islands.

Of the steamers performing the above services 27 are suitable to requirements, possessing ample carrying capacity and having adequate accommodation for passengers.

Owing to conditions which may be said to be directly attributable to the war, the following services were more or less unsatisfactorily performed during the season of 1919.

Quebec and Gaspe Basin. The contractors for this service were unable to procure a suitable boat, consequently this Department was compelled to sanction the employment of a steam schooner. There is a heavy freight and passenger traffic on this route, which this vessel was unable to handle. She will, however, not be permitted to resume this service next season, and the contractors have undertaken to replace her with a suitable boat.

Baddeck and Iona, Sydney and Whycocomagh services. The steamers performing these services were built in 1887 and 1876 respectively. During the last few years this Department has made strong endeavours to replace these boats, not only for the reason that they have approached the end of their usefulness, but also because neither steamer is able to cope with even moderate ice conditions. A short time ago a call for tenders for the Baddeck-Iona service was issued, but as the previous contractors were the only ones who made application this Department was compelled to renew the contract for a service with the steamer which had been previously employed. It is hoped, however, that a more suitable steamer will be procured for the season of 1921.

The contractors for the Sydney-Whycocomagh service have for some time been attempting to obtain a more adaptable boat for the route, but owing to general conditions, and owing also, to the fact that this service requires a steamer possessing somewhat unusual qualities, their efforts were unsuccessful. This Department has been lately informed, however, that a suitable steamer may be available for 1921.

Mulgrave-Guysboro service. In 1918 the company which had satisfactorily conducted this service for many years, refused to renew their contract. As there appeared to be no suitable boat available this Department was compelled to employ a steamer which although able to satisfactorily perform the service during the season of open navigation, was not of a type that permitted her to cope with the severe ice conditions existing during the winter months. A substitute steamer was procured; very unfortunately, however, she failed to pass inspection on two separate occasions, with the result that there has been no service on this route for several weeks. There is some cause to fear that great difficulty may be experienced in procuring a suitable steamer

SESSIONAL PAPER No. 10a

for the season of 1920. The same conditions may also apply in the case of the *Petit de Grat* and *Intercolonial Terminus* at *Mulgrave* service; the contractor who has for many years operated this service having disposed of his steamer.

Your supervisor has reason to believe that the inhabitants of coastal ports fail to appreciate the difficulties encountered by this Department in connection with procuring suitable steamers for the performance of subsidized services. Even under normal conditions it was frequently very difficult to obtain boats suitable in all respects to the individual requirement of the routes. During, and since, the war, however, it has been practically impossible to procure boats of any description.

In view of the fact that there is a yearly decrease in the number of steamers available for the purposes of this Department, and in further view of the fact that there are, at the present time, services which are suffering on account of this shrinkage, it is within reason to predict that should there fail to be a revival of the building of coastal steamer of a certain class within the next year or two, there will not only be a marked deterioration in the quality of a number of the services but in some cases it may lead to the abandonment of a service of any description.

I have the honour to be, Sir,

Sir,

Your obedient servant,

W. E. TUPPER,

Supervisor.

The contractors shall furnish and establish at their own expense the necessary agents required for the efficient performance of this contract, and shall with diligence as soon after the completion of each voyage as may be, furnish to the minister full and complete copies of the manifests of the cargoes and lists of passengers carried on each voyage, duly certified by the proper officers of customs, and also such other documents, information and evidence as may be reasonably required by the minister to

10 GEORGE V, A. 1920

show the volume, extent and value of the trade carried on by the said steamers and the full performance on their part of services, requirements and conditions of this contract, in order to enable him to judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with, within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive; and the furnishing of such certificates, documents and evidence as hereinbefore specified shall be a condition, precedent to the payment of the subsidy herein provided for, or any portion thereof, and if in the opinion of the Minister, all the terms of this contract have not been fully complied with by the contractors, he may deduct from the subsidy otherwise payable such portion thereof as he may deem fit and proper, taking into consideration all the circumstances connected therewith, and the contractors shall at all times during the continuance of this contract well and faithfully abide by and conform to all such requirements as may be made by the minister with regard to the said steamers in the performance of this contract.

Financial Statements.

It is further understood and agreed that the contractors, whenever so required, shall furnish the minister with such financial statement or statements as he may desire from time to time respecting all revenues derived from and all expenditures in connection with the conduct of the service herein provided for.

British Subjects.

It is further understood and agreed by the contractors, that two-thirds of the total number of officers, engineers, stewards, crew or other employees whatsoever upon the steamships engaged in the performance of the service herein contracted for, shall be British subjects, but the non-observance of this clause shall not constitute a violation of this contract in such individual cases as may from time to time be approved by the minister in writing.

Equipment of Steamers.

The steamers to be employed as herein specified, shall at all times during the continuance of this contract be fully seaworthy, well-officered, manned, victualled, equipped, provided and furnished, having regard to the service which the contractors have hereby undertaken to perform; and shall have ample and suitable accommodation for the passengers, mails and freight to be carried over the route specified; and shall at all times, carry boats and life-saving appliances in compliance with the law, and shall be in all respects to the approval of the minister.

Carriage of Mails.

The contractors shall during the performance of this contract, convey on each and every trip of the steamers performing the aforementioned services, both on outward and homeward voyages, all such mails as shall be tendered to the proper officers or persons in that behalf on the said steamers by or on behalf or under the direction of the postal authorities of Canada, or those at the terminal port or ports of call herein referred to, and shall deliver all such mails at their proper destination at the terminal port or ports of call above referred to; and the expenses of carrying such mails from the post offices or railway stations to the steamers and from the steamers to the post offices or railway stations at the terminal ports and at the ports of call shall be borne by the contractors, who will be subject to all general and special regulations now or hereafter existing during the continuance of this contract in connection with the postal service. For the conveyance of all such mails no payment shall be made or required over or beyond the amount of subsidy herein mentioned or provided for.

SESSIONAL PAPER No. 10a

Accommodation for Mails.

The said steamer shall be provided with sufficient and convenient accommodation and protection for all such mails, to the satisfaction of the Honourable the Postmaster General of Canada for the time being, and the contractor shall further take all reasonable and necessary precautions for the protection of such mails, while upon the said steamers or while in the contractor's charge or custody, from loss, damage or injury, in any way, and the contractors shall be responsible for any loss or damage thereto caused by negligence or want of proper care or accommodation on the part of the contractors, their agents or servants or on the part of the officers, employees or crew on board the said steamers, and this without regard to any question as to the legal liability of the Postmaster General to the owners of the articles of mail matter contained in such mails for damage or loss sustained in transit.

Definition of term "Mails."

The expression "mails" for the purpose of this contract shall be deemed to mean and include all boxes, bags, baskets or packets of or containing letters, post-cards, newspapers, parcels, books, or printed papers, and all other articles which under the Post Office Act and postal regulations for the time being in force are transmissible by post in Canada, without regard to place either of origin or destination, and also all empty bags, empty boxes and other receptacles, stores and articles used or to be used in carrying on the post office service, or which shall ordinarily be sent by or to or from the offices.

No Letters except H. M. Mails to be Carried.

The contractors shall not, nor shall any of their agents or servants, or officers or crews of the said steamers receive or permit to be received on board of the said steamers any letters for conveyance other than those contained in His Majesty's mails, or which are or may be privileged by law, nor the mails of any other country, except such as are specified by the Postmaster General of Canada for the time being.

Government officials to be carried Free of Charge.

The Honourable the Postmaster General of Canada, or the Honourable the Minister of Trade and Commerce for the time being, or any inspector or officer of the Post Office Department or the Department of Trade and Commerce, who may in the execution of his duty travel in the said steamers, shall be carried free of charge.

Proper accounts to be Kept.

The contractors shall keep full and proper accounts of and in connection with the working of this service, and shall keep such accounts separate and distinct from any other accounts of or connected with other branches of their business; and in any contingency which, in the opinion of the Minister, may render such a course necessary, the contractors shall allow any officer or officers named by the minister free access to such accounts and all books, papers and documents connected therewith.

Substitute for Disabled Steamers.

It is understood that if the said steamer shall be by peril of the sea or other unavoidable casualty, lost, destroyed or temporarily disabled from performing the voyages herein agreed to be performed according to the true intent and meaning of these presents, the contractors may in such case as soon as reasonably may be, having regard to the circumstances, replace the said steamer by another of equal class, speed, equipment, character and capacity to the satisfaction and approval of the Minister in

10 GEORGE V, A. 1920

case the said steamer has been only temporarily disabled, and continue the service herein contracted for with such substituted or repaired steamer with as little delay as possible under all circumstances.

Freight and Passenger Tariffs—Proof of Performance of Service to be Furnished.

The contractors shall carry on each steamer running under this contract, according to its capacity, on all voyages, all the freight and passengers which may be reasonably offered or obtained, and at tariff rates, both as to passengers and freight, which may be from time to time approved by the Minister; and the contractors shall furnish to the Minister such documents, information and evidence as may be required by the Minister, to show the volume, extent and value of the trade carried on by the said steamer, and such customs certificates, documents and evidence as may be necessary or as may be required by the Minister to prove the performance of the service herein contracted for, and to enable the Minister to judge as to whether this contract is being carefully and faithfully carried out and performed and the furnishing of such certificates, documents, information and evidence, as hereinbefore specified, shall be a condition precedent to the payment of the subsidy herein provided for or any portion thereof.

Deductions from Subsidy—Time-tables to be furnished—Docking Disabled Steamers.

Provided, however, that it is the true intent and meaning of these presents that no amount or instalment of subsidy shall be payable or be paid at any time, unless it appears to the satisfaction of the Minister that up to the time of such instalment becoming due, as herein stipulated, the service herein described and defined has been fully and faithfully performed, and that all provisions and stipulations as to freight and freight rates and dates of sailing have been in all respects faithfully observed and carried out, according to the true intent and meaning of these presents; and it is understood and agreed to be a further condition of these presents that the contractors shall at least two weeks prior to the first sailing under this contract furnish to the Minister time-tables showing the proposed sailings, and upon the same being approved by the Minister, they shall be duly advertised in such manner as he may direct; and it is also agreed that in case either of the steamers herein named, or a substituted steamer sanctioned by the Minister, does not sail from a terminal port as herein specified within of the date fixed by such time-tables, there shall be deducted from the amount of subsidy payable for such voyage a sum equal to one-tenth of the amount otherwise payable for the performance of such voyage, and so in proportion for further delays or failure to sail from such terminal port. Provided, however, that the Minister may authorize any vessel to sail either at an earlier or a later date than that specified in such time-tables should he for any reason deem it advisable to do so; it being understood and agreed that, in the event of any of the said steamers being at any time so disabled as to be obliged to be docked for repairs, the failure to perform the terms of this contract owing to such accident and for the time reasonably occupied in the repair of the damaged steamer, shall not be taken as a default or breach of the stipulations of this contract, or subject the contractors to deductions as above from the amount of this subsidy, if any, payable for any voyage delayed in consequence of such docking for repairs, but there shall be no claim for, nor payment of any subsidy in respect of any voyage not actually performed.

Freight and Passenger Rates to be Approved by the Minister.

(Inserted in contracts for ocean services only.)

The contractors shall at least three weeks prior to the first sailing under this contract, furnish to the Minister a schedule of the freight rates proposed which

SESSIONAL PAPER No. 10a

schedule shall be subject to the approval of the Minister, and after being approved by him shall not be changed except with his consent; and the Minister may at any time, if he deem it advisable, fix the maximum rates to be charged between the different ports, on both east and westbound trips, on any article or class of goods, and the contractors shall carry between the ports, hereinbefore named, on all voyages of the said steamships employed under the terms of this contract, all passengers or freight that may be offered or that can reasonably be procured, at rates which shall not be in excess of such maximum rates as fixed by the Minister, should he deem it advisable to so fix such maximum rates, and in no case shall any discrimination be made as regards rates, or otherwise, directly or indirectly, against Canadian merchants, or shippers, who shall always have precedence for their freight and goods over all other merchants and shippers; and it is agreed and understood that the freight rates on eastbound trips, sailing from _____ or _____ as hereinbefore provided, on through bills of lading _____ from any place in the provinces of Ontario and Quebec, or from any Canadian points farther west, shall in no case be greater than from the same place to _____ via any United States route or port; and on the westbound trips the rates from _____ to any place in Ontario or Quebec, or other Canadian points farther west, shall be as favourable as via any United States route or port to the same place; and it is further understood and agreed that the said steamers shall not carry between the ports of _____ or _____ and _____ aforesaid, on any voyage run under the terms of this contract, either deals or lumber or timber to a greater extent than fifty per cent of the total quantity of the cargo carried on such voyage and such quantity only in case other Canadian products are not offering or cannot be obtained. Provided, however, that in the event of other cargo not being obtainable, satisfactory evidence of the fact being furnished to the Minister, then the contractors shall be allowed to make up the balance of the cargo with deals, boards or timber.

Publicity of Tariff Charges.

The freight and passenger rates charged by the contractors over said route may at any time be required to be approved of by the Minister, whose decision shall be final, and the said freight and passenger rates shall be made available at all times to the public at the head office and the agencies of the contractors.

Calls at Foreign Ports.

The steamer employed in carrying out the provisions of this contract shall not on any of its trips call at any foreign port not specified in this contract.

Carrying of nitro-glycerine or dangerous articles.

The contractor shall not convey or permit to be conveyed in any steamer while employed in this service any nitro-glycerine or any other article which in the opinion of the Minister shall be considered dangerous.

Subsidy subject to Vote of Canadian Parliament.

It is conditioned, declared and agreed that the payment of subsidy, as hereinbefore stipulated, is subject to the amount specified being provided for the purpose by a vote of the parliament of Canada, and that if no amount is voted for the purpose, or if any amount voted has become exhausted in payment thereof, and no further sum is voted for the purpose, this contract or agreement shall terminate and become void and of no effect, and the party of the first part shall not in consequence be held liable to damage.

Minister's Right to Terminate Contract.

It is declared to be the true intent and meaning of these presents, that the Minister shall have the right at any time during the continuance of this contract, upon

10 GEORGE V, A. 1920

30 days' notice in writing to the contractors, their successors or assigns, to terminate this contract, and every matter and thing herein contained, if it shall appear to the Minister that there has been any breach on the part of the contractors, their successors or assigns, of any of the covenants, agreements, stipulations or provisions herein contained and entered into on the part of the contractors; and it is declared and agreed that the Minister shall at all times be the sole and final judge as to whether there has been any such breach, and his decision shall be absolute, final and conclusive.

Assignment of Contract.

This contract shall not, nor shall any right or interest therein be assigned without the consent in writing of the Minister to such assignment having been first obtained.

Canadian Members of Parliament not Admitted to Share in Contract.

It is a condition of these presents that no member of the House of Commons of Canada shall be admitted to any share or part of this contract or agreement nor to any benefit to arise therefrom.

Changes in Contract.

The minister may authorize any change or changes in the terms of this contract as may not be consistent with the vote providing for the payment of the subsidy.

Minister to be final judge as to full carrying out of contract.

The minister shall at all times be the judge as to whether the terms of this contract have been or are being fully and faithfully carried out and complied with within the true intent and meaning thereof, and his decision in that respect shall be binding, final and conclusive.

Towing.

No towing shall be undertaken by the vessel performing the service specified in this contract, if such towing might interfere in any way with the regular performance of said service, except for the purpose of saving life or assisting vessels in distress, or performing other work of great importance, without the permission of the minister first having been obtained.

Transportation of Trade Commissioners.

(Inserted in contracts for ocean services.)

The Canadian Trade Commissioners and their wives, children and servants, or Canadian Commercial Agents, shall be granted free transportation, meals included, with first-class accommodation and free transportation for their household effects, upon any steamships employed by the contractors in the performance of this contract when requested so to do by the Minister, and when the said Commissioner or Commercial Agent is travelling upon his official duties or being transferred from one official post to another.

Government Railway Clause.

(Inserted in contracts for Atlantic ocean services.)

It is hereby agreed by the contractors that as the aid herein expressed and provided for by the Canadian Government is for the express purpose of encouraging the development of Canadian trade and the transportation of Canadian goods through Canadian channels the Company accepts the aid on these conditions, and agrees that all freight booked or carried by the said steamships from a port in the United Kingdom and during the time these make Halifax or St. John their terminal port, shall,

SESSIONAL PAPER No. 10a

when not otherwise expressly routed by shippers or consignees, be delivered to the Canadian National Railways at Halifax or St. John for shipment to final destination in Canada, provided that the rates demanded by the Canadian National Railways shall not be in excess of the rates charged by any other railway company from said ports to final destination in Canada.

(a) Contractors are to hand over to the Canadian National Railways at Halifax passengers for points in the Maritime Provinces or the Province of Quebec, providing the route of such passengers is controlled by the contractors and that they are not otherwise routed. It is further agreed that the contractors through their agents in Canada shall see that they have all such freight for export as may be secured by them for a port in the United Kingdom at which the subsidized line may call delivered to the Canadian National Railway at Montreal.

Calls at Government Wharves.

(Inserted in contracts for local services.)

In consideration of the subsidy herein stipulated the contractors agree to call at all Government wharves when such is practicable and when such wharves are available.

Handling of perishable products.

(Inserted in contracts for Atlantic ocean services.)

The handling, loading, stowing and unloading of any fruit or perishable products carried by the said vessels shall be subject to and under the supervision of any cargo inspector or other officer appointed for that purpose, should the Minister of Agriculture for Canada deem it advisable.
